

Dell Medical Review 22 Monitor MR2217

Compact 21.5" DICOM calibrated medical review monitor built for efficient point of care use

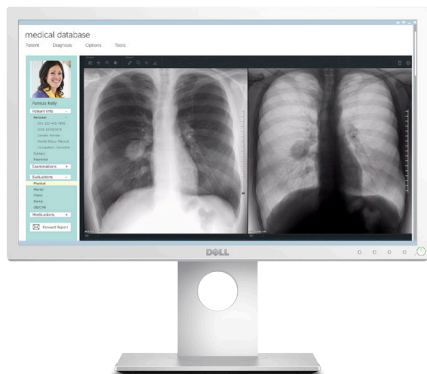

Consistent grayscale and image viewing

The Dell Medical Review 22 Monitor is ready when you need accurate and consistent images for clinical review.

- View accurate and consistent DICOM-ready images right out of the box for clinical review. (Not designed or intended for use in primary medical image interpretation, diagnosis or active patient monitoring.)
- Get consistent monitor brightness over its life cycle with backlight stabilization control.
- Offers consistent colors across an ultrawide 178°/178° viewing angle.
- Enjoy using matte screen which enhances reading and helps with a more comfortable view.

Aligned with infection control initiatives

- Smooth vent-less design minimizes dirt trapped in the grooves.
- Easily detect and remove blood stains and contaminants on its light colored exterior.
- Easily cleanable to be consistent with infection control protocols.

Improved healthcare efficiency

Built for quick and easy use in point of care settings.

- The monitor housing has been treated with antimicrobial additive to protect the housing¹ from stains or deterioration caused by bacteria. This product does not protect users or others against bacteria, viruses, germs or other disease organisms.
- Wipe down the housing with standard cleaning products without damaging its coating.
- Meets medical design standards and safety requirements for medical electrical equipment with IEC 60601-1 compliance.
- Cables are kept secured and fastened to the monitor with an active screw-on cable clip.
- View images with great flexibility thanks to full adjustability features and 60° swivel for easy screen sharing.
- Compact 21.5" size is the ideal size for work station on wheels (WoW).
